

## 2022/2023 ASEAN GLOBAL LEADERSHIP PROGRAM (AGLP) FELLOWSHIP

The ASEAN Global Leadership Program (AGLP) is a custom designed 5-day program focusing on the 4 key themes of Globalization, Entrepreneurship, Innovation, and Leadership. The first AGLP was launched in 2009 in collaboration with the University of Cambridge Judge Business School in the UK, followed by the Cheung Kong Graduate of Business in China, the UC Berkeley Haas School of Business in the USA, the London Business School in the UK, the New York University Stern School of Business in the USA, and the London School of Economics and Political Science in the UK. We will continue to build partnership with other reputed global business schools to design and deliver the flagship AGLP.

The AGLP provides an interactive learning platform for the participants to address the challenges and opportunities in the ASEAN Economic Community context, while promoting business networking for the participants from South East Asia countries. The AGLP is aimed at those senior executives working in both the public sector and the private sector across industries in the South East Asia region who have responsibilities for strategic leadership and for improving their company's performance. To date, the AGLP Alumni comprise some 400 top executives at the C-suite and Board level in the corporate sector, including policy makers and regulators from the public sector.

In support of the mission of promoting executive education in the South East Asia region, SRW&Co. is pleased to announce the launch of the inaugural AGLP Fellowship as a CSR Initiative. The annual AGLP Fellowship will be awarded to an individual who had contributed significantly to the betterment of political, economic and social development in any undertaking through passion and exemplary leadership. We are also open to consider applicants engaging in other interesting fields of contribution that will enhance the quality of life for the mankind and environment in general.

The 2022/2023 AGLP Fellowship awardee will be invited to attend the ASEAN Global Leadership Program in a reputed global business school in 2022/2023 either in the US, UK or any other countries.
